

# Vending Variations

Team Name: \_\_\_\_\_ Date: \_\_\_\_\_

**Problem:** Consider a real world problem that affects that world we live in. Design a futuristic vending machine, selling only items that will aid in solving the problem you have identified. Think creatively. Your vending machine must include an operating panel with words, letters and or numbers and/or other features. You have 6 rows and 5 columns to fill. Also, the prices should vary, based on the item. You are not allowed to repeat any items in your vending machine. You have 25 minutes to complete your design.

Scoring:

Judging Criteria	Description	Points Possible	Points Earned
Aesthetics	How does your vending machine look? Is it appealing enough to encourage a purchase?	20	
Content	Does your vending machine offer 30 items for sale?	40	
Creativity	Does your vending machine have a futuristic look to it? Think out of the ordinary!	20	
Exactness and Neatness	Is your vending machine structured and organized? Are the prices of items varying?	20	
Team Collaboration	Did all members of your team contribute to the creation of this vending machine?	5
